The Milan

Available in black and cream upholstery, the Milan reformer exudes luxury with its sleek maple wood frame, combining high-quality wood finish with a slimline design that avoids bulkiness.

Backed by Freedom's 10-year warranty, it features a dual position 5 spring system and an 8-wheel roller system for an exceptionally smooth glide.

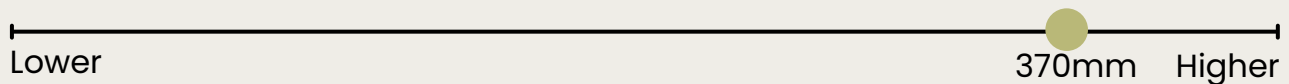

The plush hand/foot loops and felt-lined foot strap offer ultimate comfort. Available with a 370mm bed height, the Milan embodies both elegance and functionality.

The Dream

Combining elegance with amazing value, The Dream reformer will revolutionise your home studio. Your daily Pilates routine will become an absolute pleasure.

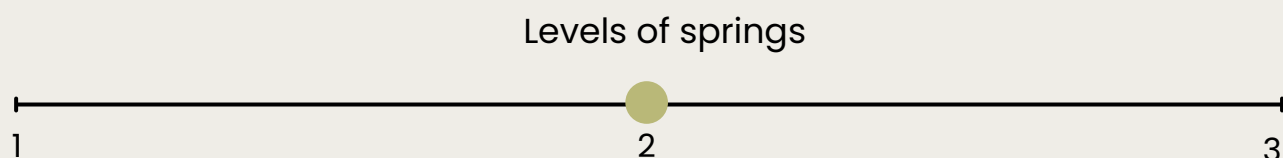

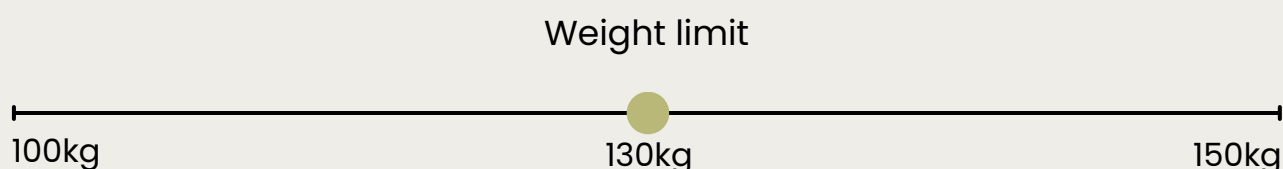

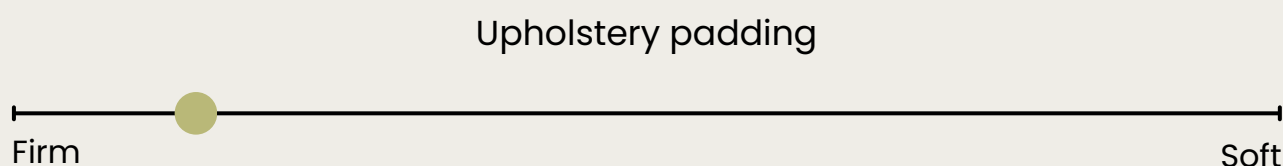

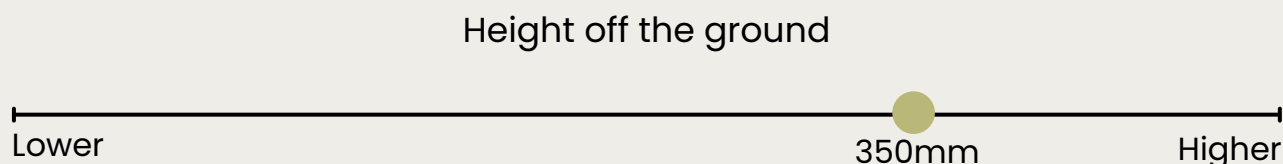

The aluminium frame comes with Freedom's standard 10-year Domestic use warranty and is complemented by dual position 5 spring system producing an extremely smooth carriage run.

The hideaway rope toggles are positioned to stop the ropes from rubbing on the frame leading to a completely silent operation.

The Soho

The Soho is a tipping of the hat to the apartment style living in New York city, this reformer is truly like having a studio in your home, even if you are limited on space.

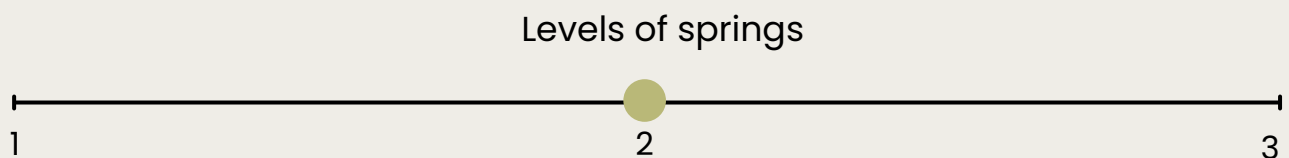

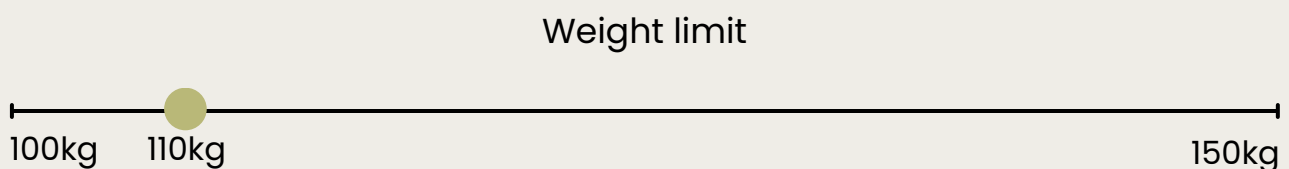

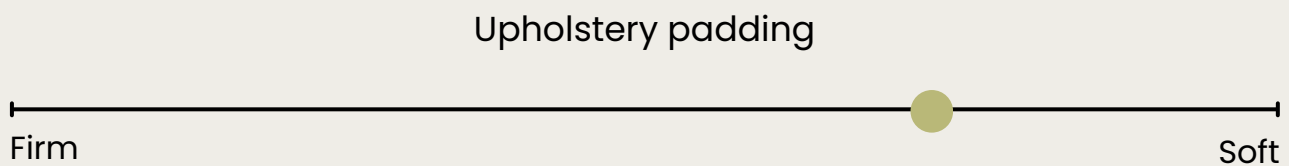

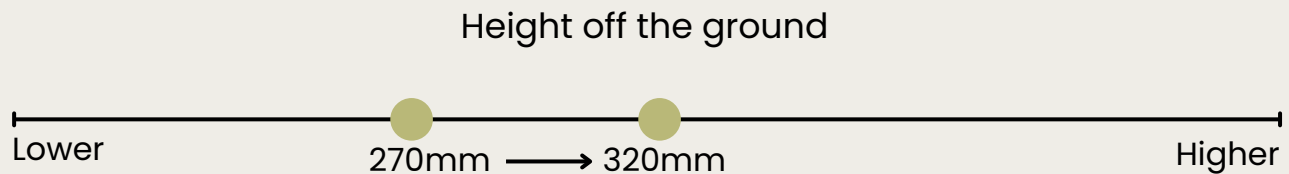

With a foldable maple wood frame, The Soho offers great versatility with a studio quality 5 spring, bump free glide combined with the ability to fold it up to store away when you need the space.

If you prefer your Soho raised a little bit higher, you can simply extend the legs & raise it by 50mm.

The Odyssey

When we start talking about the life-changing journey of exercise and movement the Odyssey reformer is your perfect partner.

Designed with Freedom Pilates' mission to make the life-changing benefits of Pilates accessible to all New Zealanders in mind, the sleek-looking aluminium frame is designed to the highest standard to suit the at-home market in both style and affordability.

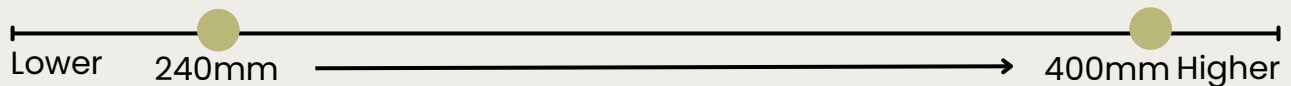

The Odyssey is also available in a higher leg option, bringing your Pilates bed up to 400mm off the ground.

The Atelier

Designed for home or commercial use The Atelier will without doubt add value to your @Home or teaching studio.

Made from the highest quality maple wood for a strong sleek look supporting seamless aluminium runners and castors giving a smooth uninterrupted carriage run for those nice slow extensions. Luxury and performance are the Atelier's key attributes.

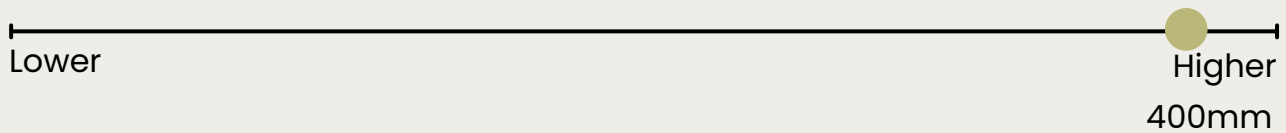

If you are looking for a studio-grade reformer, in both looks and performance that will last you for many years to come, the Atelier Reformer is the one for you.

The Cloud 2.0

Combining elegance with performance, The Cloud 2.0 will not only look stylish in your home or studio but will make your daily Pilates routine an absolute pleasure.

The white aluminium frame comes with Freedom's standard 10-year warranty and is complemented by dual position 5 spring system producing an extremely smooth carriage run.

The retractable rope system gives a lovely tidy reformer to work on, with the ropes out of the way.

The Cloud includes at no extra cost a Pilates long box, a padded jump board and additional foot platform, giving you the choice of the padded or grip platform for your standing work.
