The Milan

Available in black and cream upholstery, the Milan reformer exudes luxury with its sleek maple wood frame, combining a high-quality maple wood finish with a slimline design that avoids bulkiness. The Milan is a beautiful addition to your at-home studio or commercial studio.

Backed by Freedom's 10-year warranty, it features a dual position 5 spring system and an 8-wheel roller system for an exceptionally smooth glide.

The plush hand/foot loops and felt-lined foot strap offer ultimate comfort. Available with a 370mm bed height, the Milan embodies both elegance and functionality.

The Dream 2.0

Combining sleek design with amazing value, The Dream 2.0 reformer will revolutionise your home studio or commercial studio. The aluminium frame comes with Freedom's standard 10-year Domestic use warranty and is complemented by dual position 5 spring system producing an extremely smooth carriage run.

Our new and improved Dream 2.0 comes with 3 brand new features: our new & improved jumpboard with steel poles meaning there is zero movement during jumpboard exercises, our new hideaway rope system, keeping the excess ropes off the floor & also the new addition of the posts for the hand/foot loops to live on behind the shoulder pads.

The Soho

The Soho is a tipping of the hat to the apartment style living in New York city, this reformer is truly like having a studio in your home, even if you are limited on space.

With a foldable maple wood frame, The Soho offers great versatility with a studio quality 5 spring, bump free glide combined with the ability to fold it up to store away when you need the space.

If you prefer your Soho raised a little bit higher, you can simply extend the legs & raise it by 50mm.

Warranty: 10-year Domestic Use Warranty on the main frame. 5-year Commercial Use Warranty on the main frame. 2-year Warranty on all components. 1 year Warranty on upholstery faults (excluding accidental damage)

The Odyssey

Designed with Freedom Pilates' mission to make the life-changing benefits of Pilates accessible to all New Zealanders in mind, the sleek-looking aluminium frame is designed to the highest standard to suit the at-home & commercial market in both style and affordability.

The Odyssey is also available in a higher leg option (pictured above), bringing the reformer to 400mm off the ground, perfect if height off the ground is important to you or your clients.

The Atelier

Designed for home or commercial use The Atelier will without doubt add value to your home or studio.

Made from the highest quality maple wood for a strong sleek look supporting seamless aluminium runners and castors giving a smooth uninterrupted carriage run for those nice slow extensions. Luxury and performance are the Atelier's key attributes.

If you are looking for a studio-grade reformer, in both looks and performance that will last you for many years to come, the Atelier Reformer is the one for you.
